

District Youth President Report

What a great time to be apart of NC West District Youth. We have a great group of Pastor/Leaders in our district. It is an honor to stand among them. We are reaching the students in our cities for Christ and It a privilege to be called there leader.

Last summer we launched our summer event with a combined Teen Camp at Victory Mountain Campground. We had a great turn out of students and it was great to see God move that week of camp. Derek Idol was our camp speaker and even with the weather made us shut down the sound system, we saw God move through our service with just a bullhorn. We will be heading back to Victory Mountain Campground this year July 10-15. We have already received lots of registrations for camp and excited to see what God is going to do there this year.

We wanted to do something as a district to continue something we started at camp. We held a concert where band Everyday Sunday came. We challenged our students to save there loose change to loosen chains. We raised around \$2,000 on this event and are proud of those who caught the vision and joined the fight.

This year we moved our district lock-in to a different location. One of the biggest concerns is that we need to get the cost down. By changing locations we did just that. It was a great night of district fellowship and fun.

I would like to thank those who have given of there time this year to make our district one of the greatest. It is sad to see some youth pastors/leaders change this year and we hope that churches will continue to see the importance of youth ministries in there local churches. I would like to thank Pastor Jerry and Pastor Todd for there support of our district youth. I would like to thank Mike Howard for his work as our district treasurers this year. Also I would like to thank Joy Garman for helping with communications thought out our district. We do have a distinct facebook page which is updated regularly so that you can keep up with events and happenings around the district. (NC West District Youth)

From area revivals to district lock-ins, our district is reaching students. We have a great group of Pastor/Leaders who have a passion for students in NC West District. God is moving and rebuilding and calling students to him. There are lots of things that go on in our district youth. Some on locally, some throughout our state, and some throughout our world. It's a great and exciting time to be apart of NC West District Youth and I know that God has great things in store for us. I hope that you will partner with us to see our students reached for Jesus Christ!

With His Guidances,

Tony Parsons
